- Why might someone choose to purchase insurance?

Answer: To protect themselves financially against unexpected events or losses, such as accidents, health issues, or property damage.

Deep Dive: Insurance acts as a safety net. Without insurance, individuals might face significant out-of-pocket expenses that could lead to financial hardship. For example, health insurance helps cover medical bills, while auto insurance protects against costs from accidents.

Answer: A tax deduction reduces the amount of income that is subject to taxation.
